CUSTOM FURNITURE MANUFACTURING
FACTORY DIRECT · CHINA-BASED QC

Quotr Building Materials & Furniture

Direct from China — no distributors, no retail markup.
Our China-based team manages quality control on
every order from specification through shipment.

Why source through quotr.ai?

We sit between the factory and your project — not a distributor, not a retailer. Our team has direct relationships with manufacturers across China, which means no markup layers and no minimum inventory requirements. We source what your project actually needs.

- 01 **FACTORY DIRECT**
No distributors. We deal directly with the manufacturers, which means you get factory pricing without the retail stack.
- 02 **CHINA-BASED QC**
Our team is on the ground in China — inspecting, flagging issues, and managing production before anything ships.
- 03 **1-3 DAY QUOTES**
Send us your material list and we return a formal, written quote covering product, freight, and duty within 1-3 business days.

Garage Doors

STEEL • FULL-VIEW GLASS • SOLID WOOD

Single and double garage doors sourced directly from Chinese manufacturers — insulated steel panels, full-view aluminum and glass, carriage house styles, and solid wood luxury doors.

High strength aluminum alloy,
corrosion resistant, no rust.

Heavy Duty Hinge
Galvanized steel hinge,
strong and durable.

Galvanized SteelTrack
Thickened track smooth and
quiet operation

Raised Panel

Raised Panel

Wood Grain

Stucco

Custom Color

Entrance Doors

Using imported water-based eco-friendly outdoor paint, it offers excellent corrosion resistance, oxidation protection, and self-cleaning properties, ensuring the door surface maintains its vibrant color for a long time.

Advanced CNC precision engraving technology is used to laser carve intricate patterns directly onto a solid steel plate, resulting in delicate, finely detailed designs with clearly defined textures and layers.

Standard specifications only. We fully support bespoke sizes, custom drawings (OEM/ODM), and tailormade engineering solutions to fit your exact project needs.

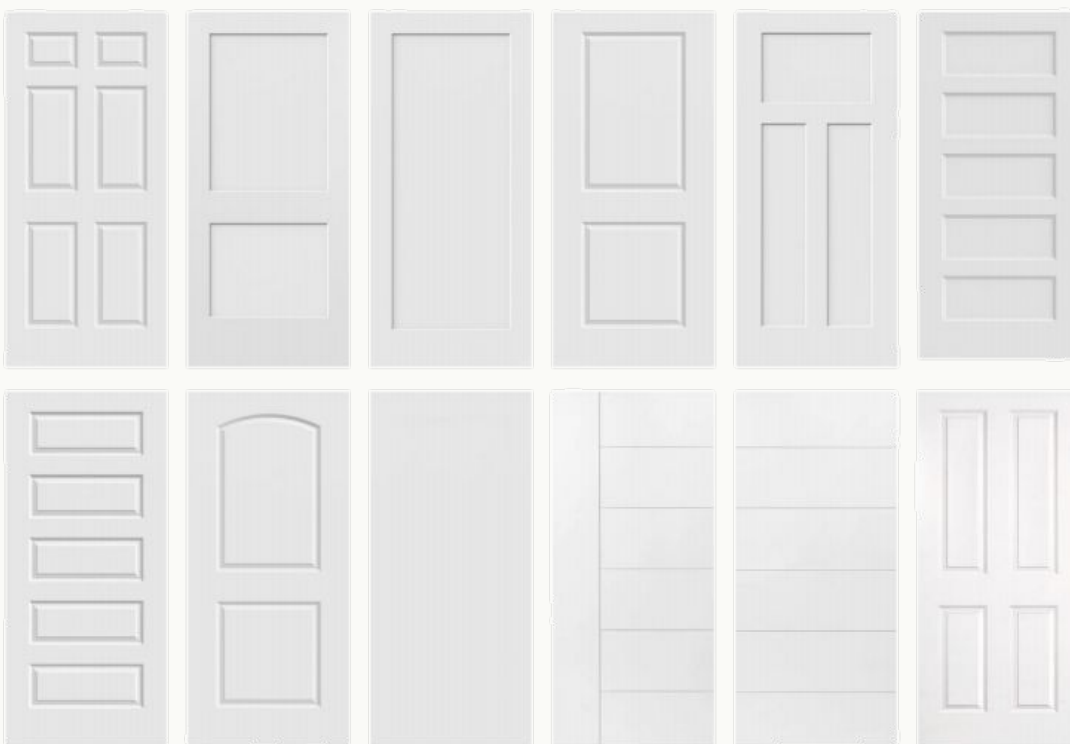

Interior Doors

Shanker door & Glass

Molded door

Pre-finished door

Windows & Doors Aluminum Systems

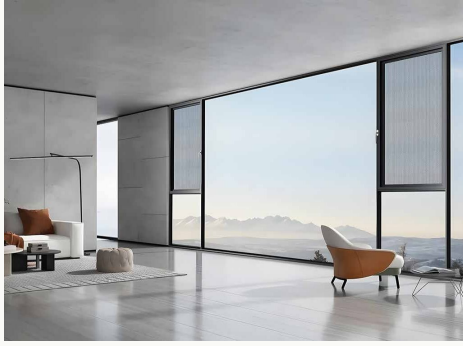

AAMA-tested and
NFRC-certified
high-performance
casement windows.

The structure is flexible, and it
can be opened
inwardly, outwardly, overhung,
tilted and rotated, etc.

Glue injection process to
increase corner strength

Indoor rubber strip seal, easy
to install and replace the glass.
